Hi maxputo.

I would like to use your PT-BR translation to make the necessary adjustments to PT-PT.

Do you mind?

Thanks.

Hi deadster.

I think that is ok. Just download the attachment from maxputo and start ;-)
After this you can send it to my via mail or post it here.

Hi dreadster

I just wanna ask if you think you will get the pt-pt translation finished until the deadline today afternoon? I dont know if you have noticed the deadline for incoming 0.6 translations on front-site article "Call for translation - PokerTH 0.6 Final"
