
Leave the lost game as admin?

Posted by mase - 2008/07/14 01:13

Hi!

When I started a game as admin, and I lost, can I then leave the game to the lobby and start or join a new game?

I think, I can play an other game, while I am still admin of the lost one. Am I right?

I think yes.

Cause I often played a game and suddenly became Admin because the Admin left. I think the server just picks one and makes him Admin. I dunno what benefit I have if I become Admin thruout the game...
