
Bigger font size for chat and log textes

Posted by dazz - 2008/07/14 04:56

well title says it all lol

when you're on 20'inch screen or more, full screen, the text at top bottom n chat and logs seems a bit small, would be great if the size changes with screen sizes, but that might be complicated lol.
anyway just a wish, and it might have been submitted before.
