
Private message

Posted by Tukse - 2007/07/02 02:56

It's a pity we can't send private message to contact other forum attendees.

It's not possible to add this feature to this forum?

I will take a look on the configuration. Otherwise you can join the chat for private contacts.

only when people ar connected to the chat ?

it's better to use Private Message when people are not on the timeline.
