
Bet after Flop ?

Posted by Anonymous - 2007/09/06 03:22

Hi,

Im not 100% sure on this, but dosen't the minimum Bet get doubled after flop ? Say its 20 in Pre-flop & Flop and in Turn & River it's then 40.

Maybe put it in the ToDo ? if im correct on this.

Regards

- A

i think these are the rules of fixed-limit texas hold'em. there exists a so-called "small bet" and "big bet". first in preflop/flop and second in turn/river. but for no-limit texas hold'em (which we implemented in our game) i never heard about these kind of betting structure. or its not so common i think.
